

## Your Internet Service is Being Provided by Hotwire Communications

Hotwire is excited to be your community provider for your home entertainment and telecommunication needs for High-Speed Internet, TV and Streaming, and Digital Voice Home Phone services.

Upon move-in, your new home will be equipped with **100% fiber optic technology** and will have **Fision<sup>x</sup> Internet service ready to be activated!**

### Your technology amenity package includes:

- **Fision<sup>x</sup> Internet service 1200Mbps/ 1200Mbps (1.2 Gigs!)**
- **Same download and upload speeds and Unlimited Usage**
- **One Eero advanced Wi-Fi router**
- **Media Panel with CAT6 wiring for services (No need for coax cable anymore!)**
- **Internet connected and ready at move-in**
- **Dedicated Concierge Account Manager**
- **24X7 local support**

Your technology package will be billed through your Community HOA:

- Bulk Internet Monthly Price: \$43.99

Additional products and services are available for upgrade and will be directly to you:

- Services available for subscription: Fision TV+, Fision Voice, popular channel packages such as Sports Pack, En Español pack, International Channels and more!
- Promotional offers available include:
  - First year free Digital Voice home phone service
  - Plus, other TV and Internet bundle offers

### Concierge Account Managers will be reaching out to you to set-up your consultation.

You will have your Hotwire account created, your Wi-Fi activated, get assistance in selecting any additional services you may want installed in your home, and answer any product or support questions you may have.
